

Your family-building benefit

Maven is a family-building benefit designed for employees looking to grow their families through fertility treatment, adoption, or other options. Maven provides free unlimited access to expert virtual care, coaching, and resources to eligible employees* and their spouses/domestic partners.

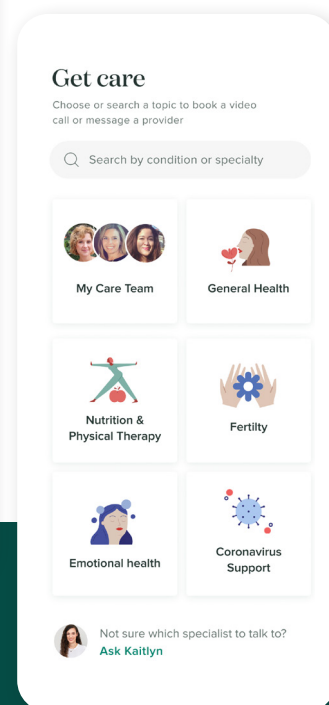

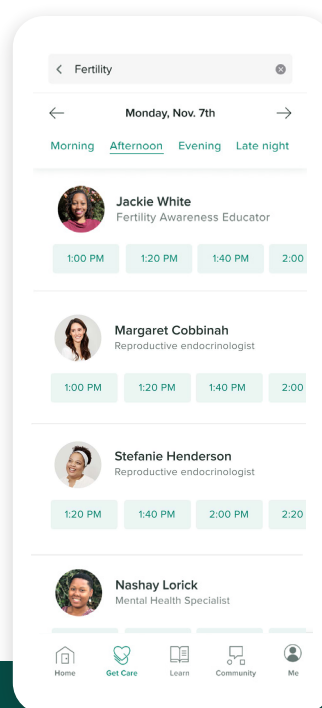

Personalized support for every step of your journey:

- Preconception care
- Fertility treatment support
- Partner support
- Wellness coaching
- Adoption & surrogacy coaching (where legally available)
- Nutrition education
- Fertility awareness education
- Localized family-building navigation

Your free Maven benefit includes unlimited access to:

- **A Care Advocate** personally matched to help you navigate the Maven platform, provide referrals to clinics or agencies, and advise you on local family-building guidelines.
- **Virtual care through video or message chat, with experts** like doctors, nurses, and coaches across 35+ languages** and multiple specialties, including reproductive endocrinologists, fertility awareness educators, and wellness coaches.
- **Online classes and articles** covering topics like fertility medication administration, managing stress and anxiety, protecting your relationship while trying to conceive, and more. You can also connect with other individuals who have similar experiences through group classes or moderated community forums.

Get started today

Activate your free membership by scanning the QR code or visiting mavenclinic.com/join/amazon.

Enrollment in Maven is confidential.

* Contact the Maven Care Team at support@mavenclinic.com or visit MyBenefits with any questions about your eligibility.

** The Maven platform includes access to virtual providers who speak over 35 languages, with an additional 170 languages available through real-time translator services. The mobile app experience is available in English, French, Canadian French, and Spanish.
