

Say hello to faster, easier fertility cost coverage

You have Maven Wallet, the digital wallet that makes it easy to get reimbursed on eligible family expenses.

Maven Wallet can make it easier to pay for:

Fertility Medication & Testing

Surrogacy & Adoption

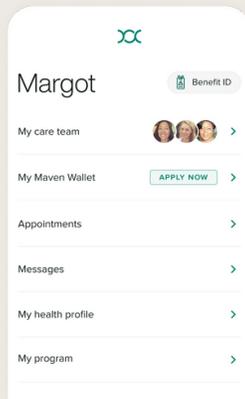

Egg freezing

IUI & IVF

01

Activate your Wallet

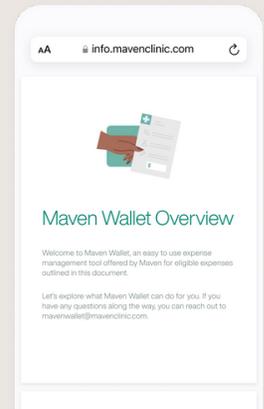

Simply go to your Maven app and select **Me**. Then, select **My Maven Wallet** and tap **Apply for Maven Wallet**. Answer a few quick questions, and you're in!

02

See what you're covered for

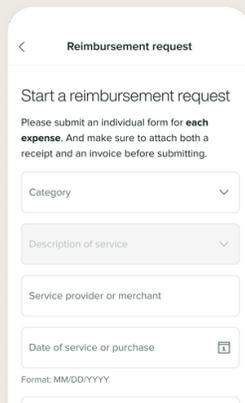

Curious about your coverage? Get your full list of eligible expenses in your **Wallet Program Overview**.

03

Submit an expense

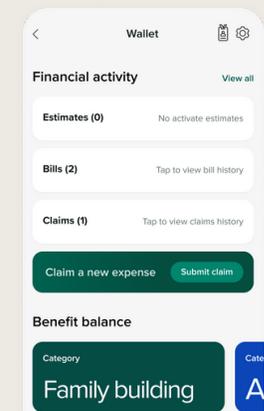

You can submit an expense in 2 mins. Simply go to your Maven Wallet dashboard and tap **Submit Claim**. Then, add your service details and upload your receipt/proof of payment. It's that easy!

04

View your benefits

Visit your Wallet dashboard to take a look at your balance and claims statuses. If you have questions, tap **Message the Maven team** for help.

Your access to Maven Wallet is fully covered by your employer.
